Internet; a family Experience

Trick-or-Treat Cyber Style

Only the internet can connect us with so many Halloween resources with the click-of-a-button, that's Cyber style.

Did you know that, the celebration of Halloween started in the United States as an autumn harvest festival? In pioneer days, some Americans celebrated Halloween with com-popping parties, taffy pulls and hayrides. [Click for fun facts.](#)

Send an E-Card this Halloween. Most cards are free, make sure you have your kids email address handy or you can email yourself and show it to them for a special treat...[click here.](#)

Parents Corner - 101

Is your home a porn trap?! Many homes are porn traps and parents don't have a clue. Click to view important [facts you should know](#), answer a few questions and access for yourself if changes need to be made. For more information or help with making difficult choices, you're not alone, join our [I-Village](#) and chat with parents just like you. Together we can make a difference.

Editorial

Porn Addiction, a new buzz word or a real problem—you decide. My decision is made; it's not a buzz word, it's a real problem which is growing out of proportion as I write this article. An alarming yet hopeful trend is occurring in My Internet Doorman's world of filtering—more and more adult clients are self-censoring! The fully managed service has become a Godsend for adults who know their weakness in this area. The repercussions of this addiction on a marriage are devastating, loss of job, loss of friends and the porn battle within have labeled internet porn "the new crack cocaine".
