## A Time to Give Thanks

**Thanksgiving traditions bring families together.**

Most of us can look back and remember our Thanksgiving gatherings growing up; who was there, a particularly delicious turkey and the one that you'd like to forget, a historical football game, and the floats from a parade—family time. These traditions are valuable for our children; establishing a sense of family, of community, of togetherness and belonging.

Today, in a search for efficiency many parents turn to a restaurant for their "\$24.99 Turkey Dinner with all the fixings". It's easier, faster, probably cheaper, and at the end of the hour when it's over, you don't have to clean up. Sounds good to me, but how about the football game, the floats, watching the turkey go in the oven and waiting for hours for it to be ready! And the pies, and those homemade pastries that my aunt brings, with the strange name? Let's not forget the prayer of thanksgiving at the table, and the sound of laughter, the dog barking, and the feeling of belonging in this place we call home.

## Parents Corner - 101

**Concerned about You Tube and the adult content your kids can gain access to?**

My Internet Doorman's Fully Managed Internet Filtering Service is now able to advise a parent of questionable videos viewed by their kids on You Tube.

Once notified the parent then has 4 choices:

1. Do nothing, continue to monitor
2. Decide it's not objectionable to you
3. Request the filter specialist to block the Age Verification page; this will block the more erotic of the videos.
4. Request to block You Tube in its entirety.
